

Gas Turbine Filtration and Acoustic Systems

With our experience extending back to the 1950s, AAF has provided innovative products and services to all the major original equipment manufacturers. Our extensive portfolio includes over 20,000 projects for every environment ranging from sub-zero arctic, remote sandstorm deserts to offshore marine with engine sizes ranging from 3MW to 260MW.

AAF is a total solution provider, striving to be a company that creates opportunities, takes on challenges and effects change.

Equipment

Solutions for All Environments (Onshore, Offshore, Coastal, Desert)

Gas Turbine Filtration and Acoustic Systems

Filtration

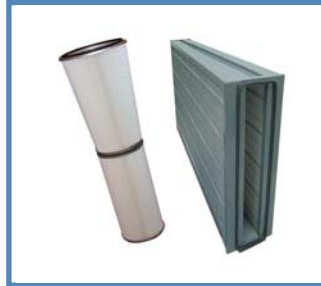

Solutions for All Environments

(Prefilters, Fine, Pulse, and HEPA Filters)

Prefilters:

AmerKleen M80
AmerKool® M81
AmAir® 300GT
AmAir® 500GT
PerfectPleat®
DriPak® GT60
DriPak® 2000
PolyKlean™
Roll-O-Mat®

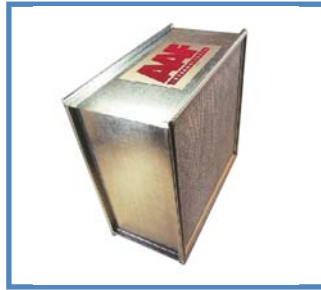

Pulse Filters

Pulstar
Upflow
Crossflow
Augmented Self Cleaning (ASC)

Fine Filters

DuraVee™
DuraVee™ XL
HydroVee XL
HydroVee HXL
DuraCel® XL and XLN
HydroCel® 95

HEPA Filters

HydroCel® H12
AstroCel® III 4000

Filters and System Spares

Pneumatic Components
Control and
Instrumentation Parts
Filter Retention and
Securing Hardware
Cooler Media
Fans and Dampers
Expansion Joints
